"BEFORE I KNEW IT,  
HIGH SCHOOL WAS OVER.  
SO WAS SUMMER. AND I  
WAS OFF TO COLLEGE."

SO...  
UM...

"WE'D WAITED  
TOO LONG."

DURING THE WAR, AMERICAN TROOPS HELD OFF MAJOR DESTRUCTION TO THE ABBEY WHILE PUSHING FORWARD AN ATTACK THIRTY MILES FROM THE CZECHOSLOVAKIAN BORDER.

# ENTER THE MACABRE WORLD OF SEA DEVILS

SO EAGER TO KILL! THEY CAN BE TRAINED!

Own a fishbowl full of instant happiness for only \$1.00! Just one drop of blood brings them to life! Just one! Oh, sure, as they grow they'll need more, but it's just a few drops more! At first! Anyway, the point is these little devils are always clowning around, especially when they're hungry—which is really all the time! The continuous need to feed them actually does become quite time-consuming after a while—and I'm starting to suspect it's going to take more than stray cats to keep them happy! QUITE A BIT MORE, in fact! Luckily, they're quite trainable! And soon I think they'll be able to find food for themselves! What a way to surprise guests!

# BATMAN THE LONG HALLOWEEN

Writer Jeph Loeb and artist Tim Sale have teamed up for some of the most memorable and stylish Batman stories of all time, starting with the holiday-spanning murder mystery *Batman: The Long Halloween*. The pair have reunited with *Batman: The Long Halloween Special*, a brand-new story that continues their saga and uncovers long-buried Gotham City secrets.

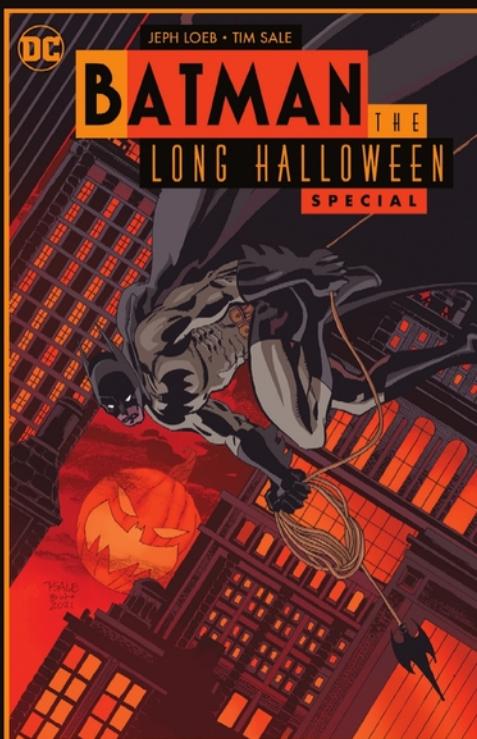

Need to catch up? Loeb and Sale's past Bat-collaborations are available as collected editions that, appropriately enough, make for engrossing reading all year round.

## BATMAN: DARK VICTORY

The sequel to *The Long Halloween*, the 14-part *Dark Victory* picks up just a few months later and introduces Dick Grayson to Loeb and Sale's visionary take on Batman's world, as he takes on the mantle of Robin for the first time. *Dark Victory* finds Batman pursuing a new mysterious killer—the Hangman—as Two-Face's ascent in the crime world puts him at odds with the Falcone family.

## BATMAN: THE LONG HALLOWEEN

One of the most revered Batman epics of the past 25 years, the award-winning 13-chapter saga told the mystery of Holiday, who murders once a month—each time coinciding with a holiday. *The Long Halloween's* whodunit weaved in Loeb and Sale's distinct depictions of Batman's classic rogues gallery and Gotham City's crime families, highlighted by a surprisingly scary reinvention of Calendar Man.
