Chapter Twenty-Five: "THE DEFILEMENT OF ALL THINGS BY THE CANNIBAL-SORCERER KULAN GATH" PART TWO

Despite the efforts of Conan and his allies, the evil sorcerer Kulan Gath continued to amass power, including siphoning the mystical energies of the elder god Shuma-Gorath. Kulan Gath attacked New York City and battled a large assemblage of heroes and villains, led by Conan and Doctor Strange. Gath emerged victorious.

Now years have passed and Kulan Gath rules a dystopian world, with his enemies either killed or imprisoned. Only Doctor Doom and Conan escaped to mount a resistance. Doom was finally captured and brought to Gath's stronghold in what was once New York City. However, the man inside Doom's armor was revealed to be Conan attempting to rescue the imprisoned Dr. Strange. The mission failed, as Gath intervened and killed Strange, but Conan managed to escape once more. Following instructions delivered by Strange shortly before his death, Conan carved the current date on the sarcophagus of Rama-Tut in the ruins of a museum...thereby summoning Kang the Conqueror!
