HELLIONS [X_16]

THE MORNING AFTER

Sinister's been pulling some &%#%. He sent a clone of himself to lead the Hellions on a suicide mission to Amenth, mostly to snag some mutant DNA from Tarn the Uncaring. The clone was captured, but the "original" Sinister killed the surviving Hellions to hide the deception. Then, Sinister pulled a scam with Arcade, ostensibly to build a new Murderworld, but really to build himself a new off-site clone farm with Arcade's resources. But alas! Clone Sinister returned, now working for Tarn, to take back what was stolen and lead the Locus Vile against the Hellions. Just as all seemed lost, Empath pushed Havok into his chaos mode -- forcing him to lose control and destroy the clone farm. But Psylocke's been hiding something too: the fact that the only backup of her daughter has been in Sinister's keep, and he kept her in the data banks of this now-eradicated clone farm...

Krakoa.

The Healing Gardens.

Alex is devastated. Something *bad* happened out there.

He's a hero, Scott. Mr. Sinister was moments away from letting a very dangerous genie out of a bottle.

Alex stopped him.

Still. He's beat up. Inside and out.

He'll get whatever he needs. They all will. I'll see to it.

I might need your help with Kwannon.

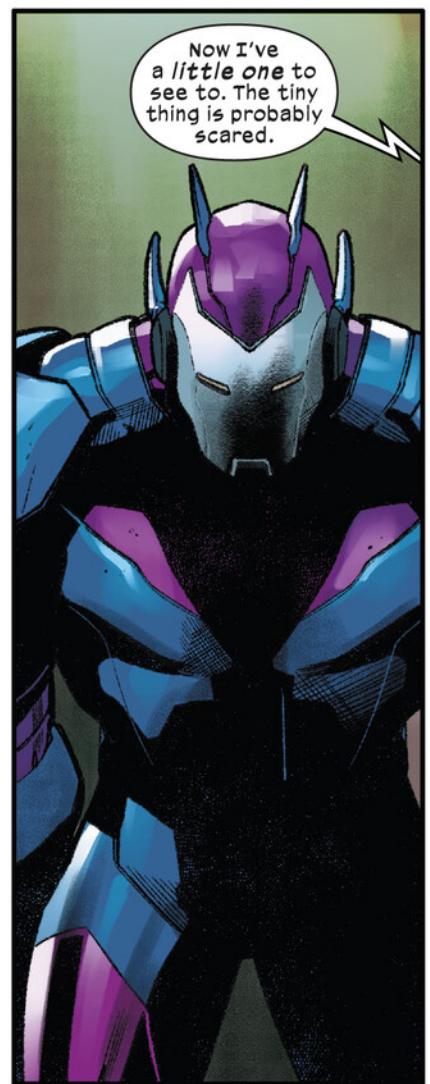

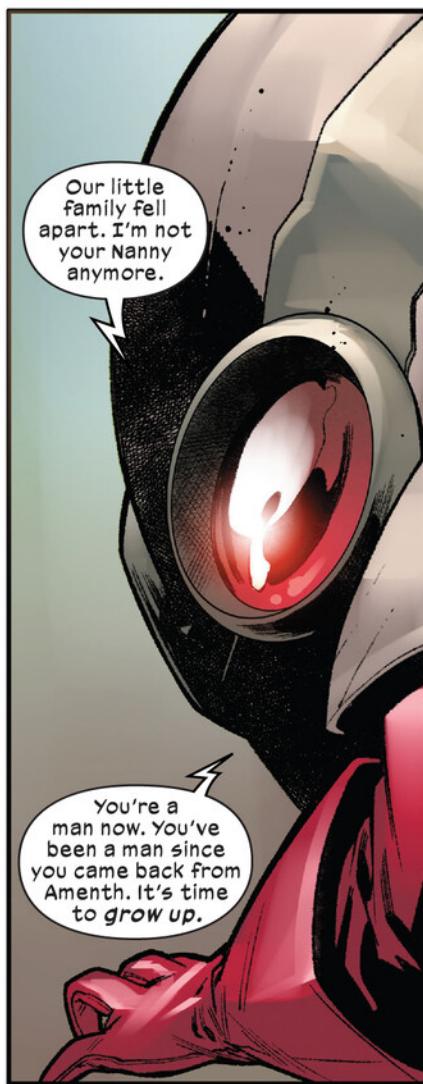

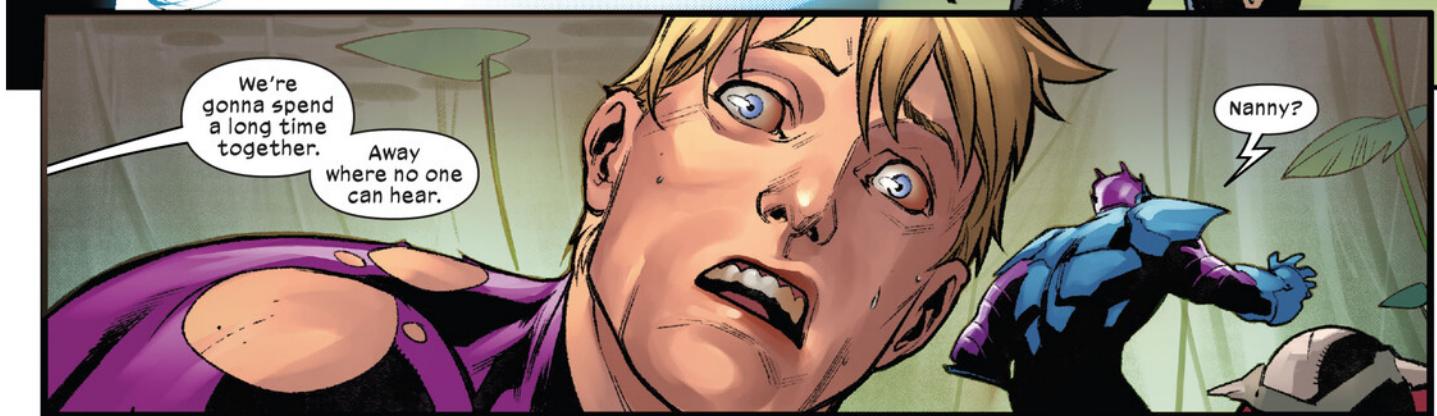

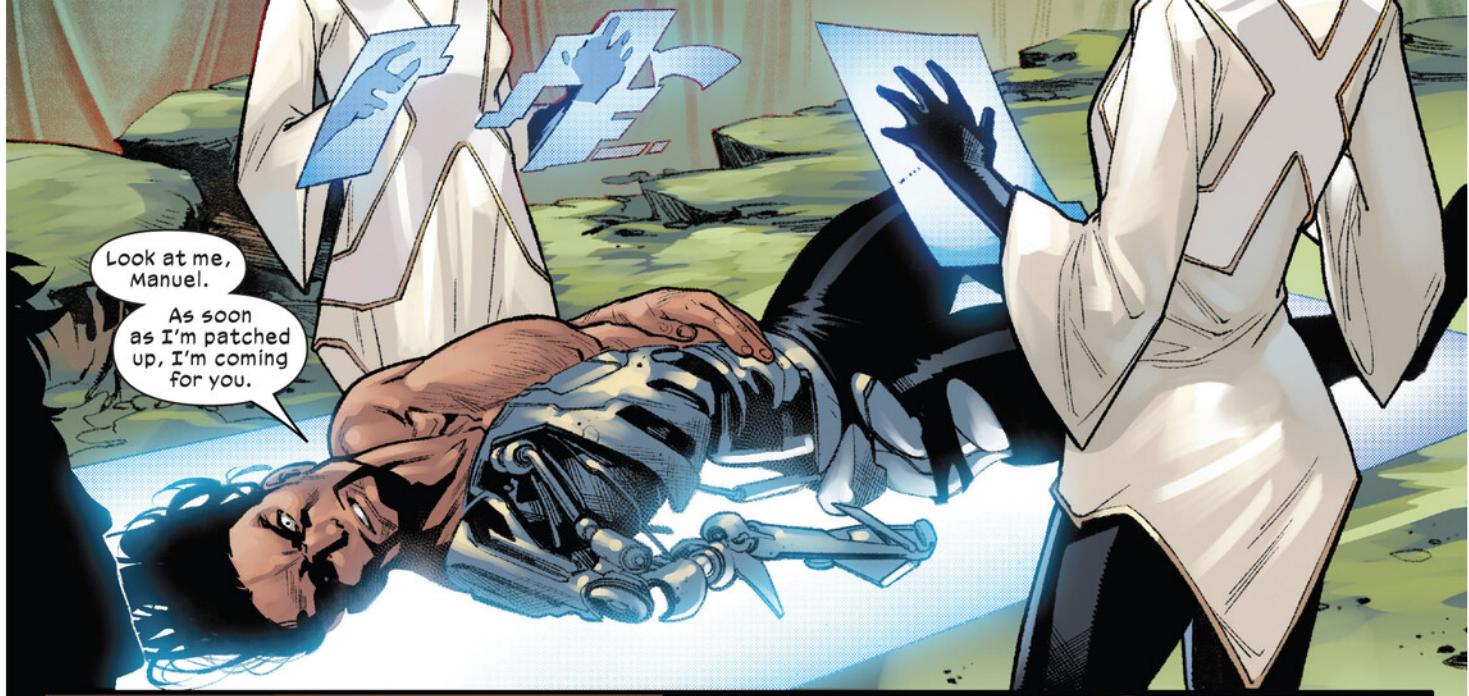

There was something between her and Sinister. I don't know where she's at on this.

I'll talk to her.

And Sinister?

There's fallout with these things, Emma.

Whispers. Footage. Data.

I know about Brooklyn.

It's almost reassuring to be made a fool. I wasn't sure it was still possible.

Krakoa saw a place for healing. For our unhoused to have a home. You saw an insurance policy. A way to keep us right side up on the devil's bargain we made when Nathaniel Essex joined our ranks.

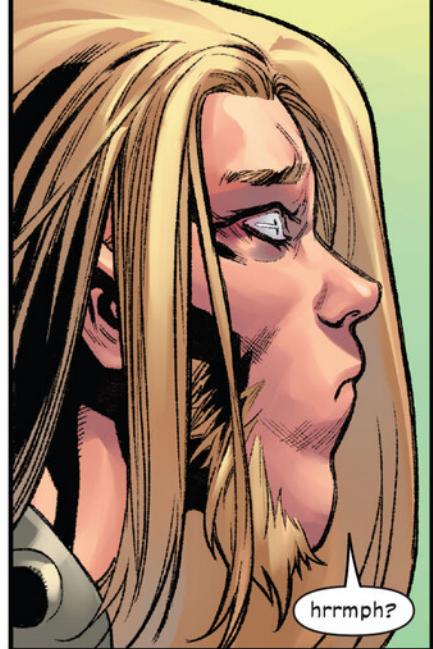

I know nothing will happen to Essex. How could it? The man girds Krakoa with the steel of his genetics. But I would have words with you about it, had my high horse not thrown its shoe somewhere near Terra Verde (I'm afraid I had to put the poor animal down).

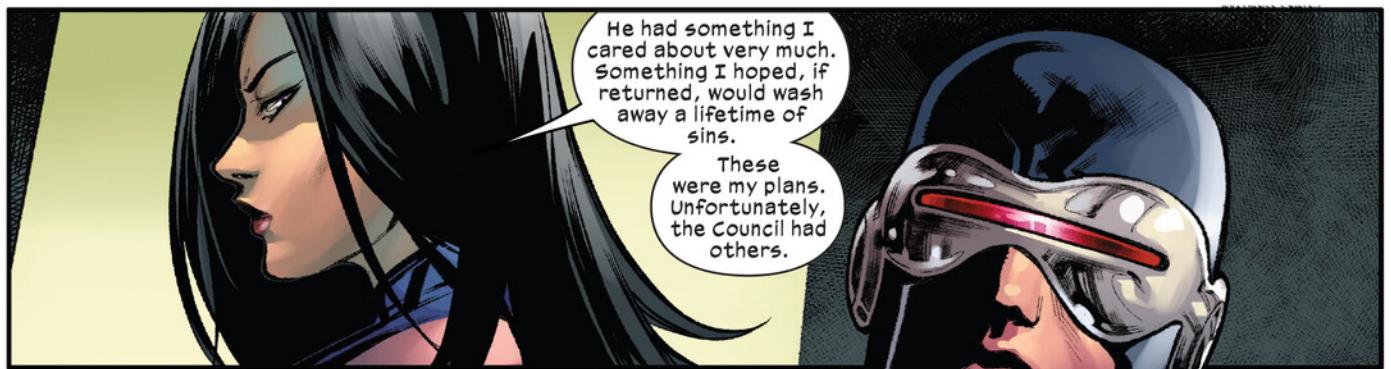

Maybe that's why I believed the Hellions could work. It was the only bright spot I had left.

I hope you do right by them, Emma. I hope *someone* does. I don't care what they've done. They are mutants.

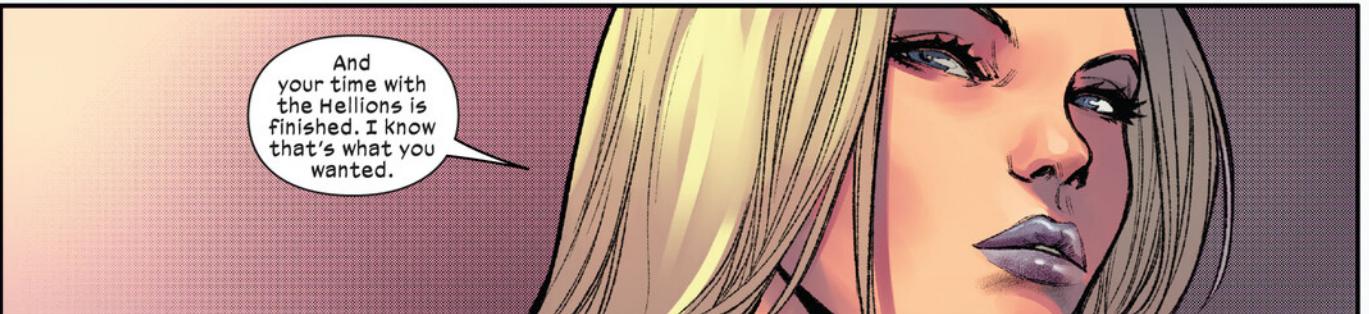

They deserve better.

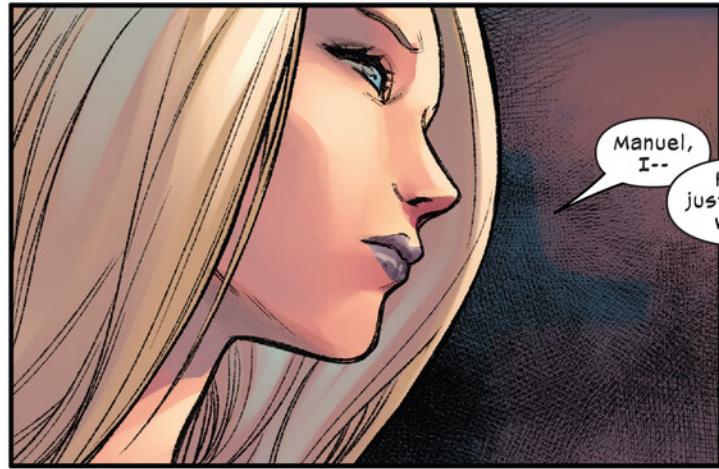

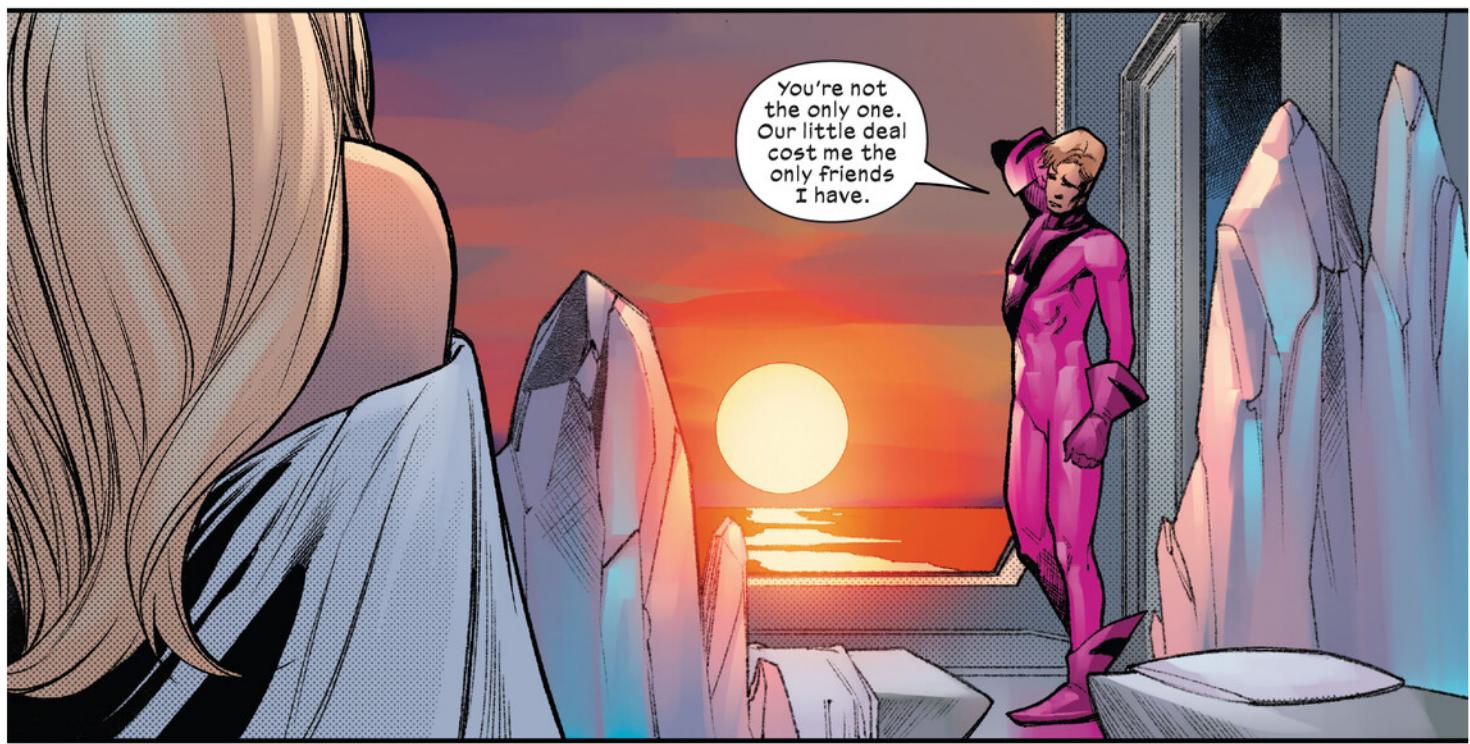

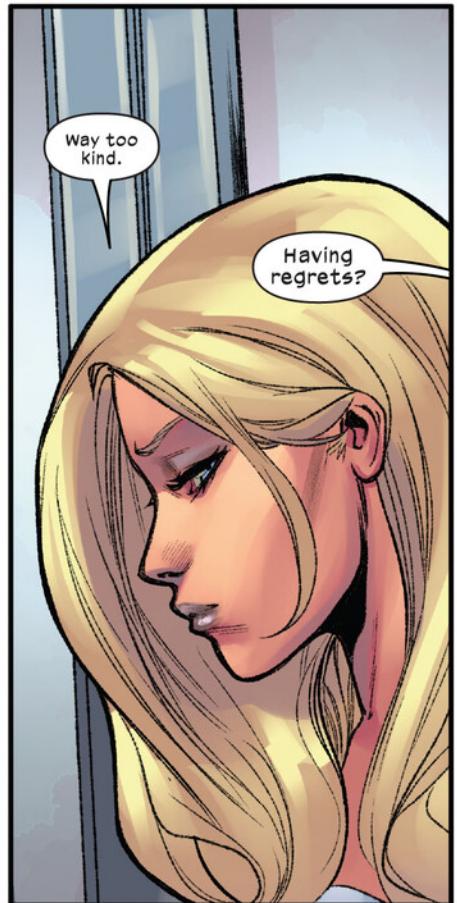

Hank
